

Eternity

Flexible 230V LED tape

Innovation.
Collaboration.
Illumination.

Indoor / Outdoor Lighting

Overview

"Straight to mains" 230V.
Up to 50m continuous run.
IP65/IP67
9W or 14W/m
Can be used with or without extrusion.
European manufacture. CE RoHS approved.
Screw on end feeds (no soldering)
12mm width

Options

- 2700k /2700
- 3000K /3000
- 4500K /4500
- 6500K /6500

i.e. **ETE/2700**

Eternity 2700K IP65 230V LED tape

9W only available in 3000K and 4500K

Connector kit

Part No.	Lm	W	CCT
ETE/3000/9	900	9	3000K
ETE/4500/9	960	9	4500K
ETE/2700/14	1350	14	2700K
ETE/3000/14	1350	14	3000K
ETE/4500/14	1450	14	4500K
ETE/6500/14	1600	14	6500K
Conn/kit	Connector kit inc ends & silicone		

Key features

- IP65
- 230V No power supply required
- SMD2110
- 120 degree emission
- Efficacy of up to 114lm/W
- Colour stability with 3 step MacAdam
- High colour rendering index CRI > 80
- 12mm x 4mm PCB 140 LEDs per meter
- Cuttable every 100mm
