

CIBSE APPROVED CPDS

Delivered either in person or online, LDL Lighting's CIBSE Approved CPD programme provides valuable insights into the latest developments, technologies, and best practices shaping today's built environment. Developed and presented by experienced industry professionals, our CPDs are designed to support continuous professional development, helping consultants, engineers, designers, and specifiers stay informed on current standards, emerging trends, and innovative lighting solutions. Participants will gain practical knowledge that can be applied to real-world projects while earning recognised CPD learning hours.

● WORKPLACE LIGHTING

Lighting for Working: Optimising Performance, Comfort and Well-Being

● LIGHTING FOR EDUCATION

Lighting for Learning: Creating Effective and Sustainable Educational Environments

● EMERGENCY LIGHTING

Understanding the role and importance of Emergency Lighting in building safety

● LIGHTING CONTROL

Hard-Wired and Wireless Solutions for Modern Buildings
